Dear Mr. Elliott,

The purpose of this letter is to respond to your follow-up letter of May 25, 2011, regarding previous correspondence. The Glendale Union High School District did receive your letter in late April regarding alleged posting of religious material at one of our high schools. I took immediate action by contacting the principal of the school and directing her to have a conversation with the two teachers involved and directing them to remove the questionable materials. She did that immediately and I believe the materials were removed. I have no further knowledge that the violations continued.

In the future, I would appreciate the concerned person following district protocol and reporting the objection directly to the principal or to my office. We can resolve issues more quickly and more efficiently when handled closest to the source of the concern. The district has taken steps to enforce all of its policies in accordance with appropriate legal, professional and ethical standards.

Thank you for your interest in our district.

Sincerely,

Jennifer Johnson, Ed.D.
Superintendent
