Mission

The mission of Lake Local Schools, recognized as a leader in education and community partnerships, is to guarantee all students a superior educational experience, enabling them to become lifelong learners and healthy, productive citizens.

This will be accomplished through commitment to continuous improvement, effective facilities and technology, excellent co-curricular programs, student empowerment, individualized student planning and monitoring, relevant curriculum, differentiated instruction, a highly skilled and motivated staff, and active involvement with parents and community.

Beliefs

We believe that. . .

each individual is unique and has value.

each person has the ability to acquire and apply knowledge.

each person is responsible for his/her actions.

each person is responsible for contributing to the betterment of society.

the belief in God and religious freedom are important.

honesty, integrity, commitment and respect are essential to positive personal conduct.

Principal's Message to Parents

Leading All Kids to a superior Education is our mission here at Lake Elementary. Lake Elementary provides our students with an enriched and engaging curriculum. Our educational program is designed to meet the needs of each student so that everyone is successful and grows academically. The staff and community of our school believe that every child is a unique and special individual who can learn. We have developed a nurturing environment for learning and are committed to providing opportunities which will assist our students in making self-directed, realistic, and responsible decisions when solving problems in our ever-changing world.

Parents play a key role in the education of their children. As a staff, we value and appreciate your

support. Your words of encouragement, a hug when the day has been rough, your interest in your child's work, and your presence at school are vital. Come to school, have lunch with your child, meet us, talk to us, join the PTO, and volunteer your time and energy. Your involvement will show your children that you value their education. It is very important that teachers, parents and administrators communicate openly and frequently concerning the progress of students. We are partners in education. Let's work together to make sure that all students are successful.

Mrs. Donna Bruner
Principal
